

The Teachers' recommendation is a very significant influence in the selection process:

Student's Name: _____

Teacher's Name: _____ School: _____

- » Due to the integrated nature of the Ecoquest program students must have previously demonstrated a significant level of dependently, responsibility and independence.
- » Throughout the program students are kept very busy with many overlapping responsibilities and assignments.
- » Students are occasionally unsupervised and work independently on various work or research projects.
- » The student will be travelling to and working in a number of settings ranging from urban to wilderness, regular classroom to independent outdoor field work.
- » The success and safety of the program and its individuals depends on appropriate individual actions.

Because there is only a certain number of positions each year, every effort must be made to make the selection process as fair as possible. This reference is an attempt to verify that the student and the program are a suitable match. Please rank the student on the following:
